Current status during corona virus:

SAUER BIBUS IS THERE FOR YOU IN FULL WORKING MODE!

Dear customers and partners,

our team is determined to minimize any impact on our customers' supply chains and processes. Because it is clear to us how important our systems and components, but also the supply of spare parts are for you.

That is why we work with our team at full power to meet our delivery promises as usual.

As before, you can send inquiries and orders to us via all communication channels you are familiar with.

We monitor the developing situation regarding the spread of the coronavirus very closely and are in close contact with all of our employees on a daily basis. The safety of our employees and customers is our top priority.

Our thoughts are with the people affected by the virus.

We wish you all the best - stay healthy!

Sincerely yours

Ralf Schrepp
Managing Director
